

# GRASSROOTS GATHERING

**Not every Grassroots player becomes a high-performance player....**

Do you lead a grassroots coaching program in Calgary?

Are you aware of the changes that are impacting club soccer in Alberta?

What can soccer do to maintain and nurture player registration and retention at the Grassroots.

This is an opportunity to come together and share our expertise to support other communities and coaches

Without solid foundations and development, there is no competition. The goal of the Gathering is to support those who share a vision of player development in Alberta.

**BUT every High-Performance player started in GRASSROOTS**
